New 1963 All America Award Winner

HAMBURG, IOWA

C 63 **TROPICANA** (P.P. 1969). When you see this fluorescent orange-red hybrid tea blooming in your garden, you will know why it has won 13 international awards, more than any other All America Winner. It has all the qualities of greatness; brilliant new color, perfectly-formed flowers, delightful fragrance, tremendous freedom of bloom and the most disease resistant plants we have seen for many years. The color of the 4 to 5 inch flowers is so intense it stands out like a beacon and it lasts and lasts, unfading until the last petal falls. We believe it will rate with the greatest roses of all time. Postpaid.

Here is an opportunity to get genuine Inter-State roses at a **SPECIAL LOW PRICE**. These are exactly the same fine varieties as described on other rose pages but the plants are medium size 2-year number 1½ grade, field-grown. They are labeled as to color rather than by name.

We assure you that you will have beautiful, fragrant roses and lots of them, **THIS SUMMER**, and many summers to come. Order them early, **PLANT THEM EARLY THIS SPRING** and in a few weeks you will be cutting the lovely flowers.

You can grow roses in ordinary garden soil, in full sun or part shade. With each order we send easy-to-follow planting instructions. It also explains the simple winter protection needed in the cold states.

Inter-State roses are famous throughout America. Enjoy them in your own garden. We guarantee these roses to please you when you get them and also when they bloom. Shipped postpaid, trimmed for planting.

How to Order

In the comfort and privacy of your own home, you can look through this catalog and select Inter-State's Guaranteed Nursery Stock and Seeds.

1. Write your order for Nursery Stock and Bulbs on the order blank on the back of this page.

2. Write your order for Seeds and Supplies on the order blank at the back of the catalog between pages 82 and 83.

If you run out of our order blanks you can use any sheet of paper, but be sure to put your orders for Seeds and orders for Nursery Stock on separate sheets of paper. You can mail both orders in the same envelope. Seeds and Supplies are handled in a separate department and are shipped at once while Nursery Stock is shipped at the proper planting time in your locality.

3. Print or Write name, and address on all orders.

In making out your orders please write or print very plainly, giving your full name and complete address, street or rural route and postal zone if your city is zoned. Also list your nearest express office if it is different from your post office as we sometimes ship by *prepaid express* instead of parcel post unless you object. All members of the same family, living at the same address, please order under one name.

4. Order all items by catalog number.

This helps us give you better service and helps avoid mistakes. List quantity, variety and size of items wanted.

5. You can send us money order, draft or check.

If you send currency or cash, wrap it carefully and register your letter. A money order is a better way to send payment.

Please do not ask us to ship C.O.D. The post office and express companies make an extra charge for this service, which makes your cost greater.

6. Handling Charge. Please add 35c to your nursery order if it is less than \$5.00. This is to help cover the cost of handling small orders. There is no handling charge on seed orders. Thank you.

7. Sales Tax. Customers living in Iowa and Missouri will add 2% to the amount of their order, which the Law requires us to collect.

Mail Your Order Early

On page 3 is a list of premiums you get for ordering early. Be sure to list the premiums you wish on your order so all can be sent in one shipment. When you are through with your Spring Catalog, perhaps your neighbor would like to see it. Thank you.

Blue Ribbon Glad Special

Elizabeth the Queen—One of the greatest glads of all time. Flowers are large, beautifully ruffled and the most exquisite lavender you ever saw.

Friendship—Large, ruffled flowers of pure pink with ivory throat and a frosty sheen over the entire flower as if showered with stars.

Gold—Produces perfect spikes almost 4 feet tall of ruffled, rich golden-yellow.

King David—Rich, velvety purple with a silver picotee. Outstanding in arrangements.

Mother Fischer—One of the highest rated white glads. Every bulb produces a magnificent spike of heavily ruffled flowers as white as new fallen snow.

Red Radiance—This brilliant scarlet glad will illuminate your garden or bouquet.

Spic and Span—The greatest and most popular of all Glads. Perfect, ruffled flowers of rich pink.

YY 1 5 Each of Above 7 Glads
All 35 Fine Bulbs for \$1.95 Postpaid

YY 2 10 Each of Above 7 Glads
All 70 Fine Bulbs for \$3.45 Postpaid

YY 3 20 Each of Above 7 Glads
All 140 Fine Bulbs for \$5.95 Postpaid

Here are seven of the greatest Glads of all time, each, one of the finest of its color. When you see them blooming in your garden this summer, and when you use them in bouquets and arrangements, you will know why they win top awards at the flower shows. Lovely colors on graceful spikes, 6 to 8 glorious flowers open at once and every remaining bud will open perfectly right out to the tip. They are fully described on pages 53, 54. We also assure you that they are beautiful, large flowers, exquisitely ruffled.

We send you first quality, fine bulbs 1 to 1½ inches across (diameter). We can offer them at this special price only because we sell millions of Glads. Each variety is labeled and sacked separately. **GUARANTEED TO PLEASE YOU WHEN YOU GET THE BULBS AND ALSO WHEN THEY BLOOM THIS SUMMER.**

The Premiums you select **MUST BE WRITTEN ON THE ORDER**, or none will be sent, even if you notify us later. However, if you send us another order, then you can include Premiums you overlooked on a previous order of the same season.

IMPORTANT—If we run short on some items, we reserve the privilege of changing premiums, sending you stock of equal or greater value.

Inter-State's Guarantee

1. We guarantee our stock to be true to name. If it proves otherwise, we will replace free or refund the amount you paid us for it.
2. We guarantee our stock to be first quality and to reach you in good, live, growing condition. Examine it carefully upon arrival, and, if you are not entirely satisfied, return it at once and we will replace it free or refund your money.
3. Our stock is carefully handled, and under ordinary conditions should grow for you. But if it does not, owing to the weather and other conditions over which we have no control, we will replace at half price the following season, you to notify us not later than October 1st, 1963, accompanying your report with remittance of one-half original purchase price.

We want you to be satisfied. If anything is wrong, we want you to write to us.

What you should know about Inter-State Nurseries

Dave—left, Les—center and Carl—right, are pictured in one of our fields of America's finest quality nursery stock with the Missouri River bluffs in the background.

AND THE MEN BEHIND IT

The most important facts are that back of this firm are life-times of nursery experience, plus the best nursery soil, and a sincere desire and effort to please and satisfy our customers.

The Inter-State Nurseries are owned and operated by three brothers, Carl O., Leslie R., and David L. O. Sjulín (this is a Swedish name and is pronounced "Shoe-lin"). Practically born and raised in the nursery business, we have grown to be the Largest Direct-to-You Nurseries in America, with hundreds of thousands of customers. We have 1600 acres of the finest soil in the world, ideal for growing nursery stock.

We three brothers, Carl, Les, and Dave worked for a large nursery on Saturdays and school vacations. In 1919 we moved to Hamburg, establishing our own nursery, growing and selling at wholesale to other nurseries. In 1931 we decided that as long as we were growing the nursery stock, we should sell it Direct-To-You, the final customer. So we issued our first catalog Spring 1931.

Now as the years have gone by, we are aided by our sons, who have grown up in the business, and an exceptionally fine organization; many have been with us since our first catalog and even before.

Our soil, called Loess by the geologists, is very rare, occurring in only a few places throughout the entire world. Even in Iowa, famous for its rich soil, this Loess is rated something very special and super-

excellent. We have a long growing season, time to make the husky plants you like to set out. And our winters are cold enough (sometimes 20 below zero) to assure hardiness. Normally rainfall is ample. But we have nearly 300 acres under irrigation where we grow perennials and such stock as needs more regular watering. In one of these fields we grew nearly a million Phlox, the very plants listed on Page 60.

About this catalog

It is not just a sales book, but a Guide to Better Planting. We have tried hard to make it more helpful, better illustrations (but it is absolutely impossible to reproduce on paper the real beauty of nature). You will find new roses such as the 1963 All America Winners Tropicana on page 1 and Royal Highness on page 41. Perennials that are not only new but better, such as Gypsophila Pink Star and Gaillardia Golden Giant on page 56, New, large-flowered Phlox on page 60, New Stadium Queen Mum on page 25 and the New for 1963 Fiesta Glads on page 84. We feature one of America's Largest Selections of Dwarf Fruit Trees on pages 72, 73 and 74.

Finally

This then is a short story about the Inter-State Nurseries, a national institution, the largest of its kind. It has helped to make America More Beautiful, More Fruitful. Our proudest possessions are the thousands of letters telling about the satisfaction of making homes better places in which to live.

Important Information

It's easy to order by mail from Inter-State

You can relax in the comforts of your home while you order by mail from Inter-State Nurseries. Pick out the items you want to plant this spring from the 84 colorful pages of this catalog. Write your order for Nursery Stock on the order blank opposite page 2 or use the one opposite page 83 if you order Seeds or Supplies from pages 80-82. Fill in your full name and complete address and enclose your remittance either by money order, check, bank draft or currency. If you send currency, please register your letter. Mail to us and when the proper planting time comes for your locality, we will ship your order Direct-to-You. Plant the stock, watch it grow and enjoy the added beauty and fruitfulness of your home.

We Pay Postage (Alaska and Hawaii orders sent air mail collect), except large trees are shipped express collect

Please note that most items in this catalog are **DELIVERED TO YOU, POSTPAID**. (Customers in Alaska and Hawaii should write us for air mail costs.) This means that you pay no postage charges on those items. Some Fruit and Shade Trees listed "Not Postpaid" are too large to go by parcel post. They are shipped by express, you pay the express charges. **We include extra stock to help pay the express.**

In some orders there are trees which must go by express and also some stock (shrubs and roses) which would go parcel post. To avoid making two separate shipments of trees, shrubs and roses (see below), we send these entire orders by express. For this privilege, we include extra stock which has a greater value than the additional express charges amount to.

Nursery Stock is shipped at proper planting time

Nursery stock is shipped at the proper planting time in your locality. We are equipped so that we can start shipping to southern states early in the year. As the season advances, we keep shipping farther north until in May we are shipping to the most northern states. If you want your order shipped on a particular date, please write this on your order.

SEPARATE SHIPMENTS

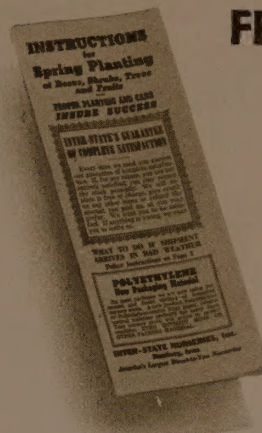

Please read this carefully

Trees (both fruit and shade), shrubs, hedging, small fruit plants, vines (except Clematis) and roses are shipped first, because they should be planted first as they can stand late frosts and cold snaps after being planted. But perennials, bulbs, clematis, should not be planted as early, therefore they are shipped separately often 2 or 3 weeks later. So your order may be sent in several separate shipments in order that you get your stock at the best planting time to give you the best results. For example, if you have ordered roses, shrubs or trees and also perennials or bulbs, you will get the roses, shrubs or trees first and the perennials or bulbs later.

New Method of Wrapping

We are now using a new product, Polyethylene or Polyethylene-coated kraft paper, which retains the natural moisture of plants for several days yet allows them to "breathe". Exhaustive tests by leading colleges and universities and practical use have proven this to be the best method of shipping nursery stock. It means that your nursery stock will arrive in perfect condition **EVEN WITHOUT MOSS OR OTHER PACKING MATERIAL**.

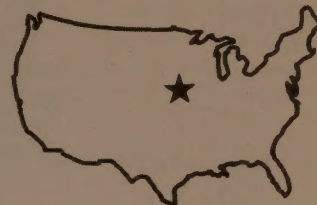

Helpful Planting Guide FREE!

With every nursery stock order, we send Free a Planting Guide. It tells in a clear, simple way how to plant so that even if you have never done any planting, you can have success. It tells, also, how to prune, water, care for plants over winter, how far apart to plant, etc.

Centrally Located

We are located near the geographical center of the United States, with railroad facilities that enable us to ship promptly in all directions, North, South, East and West.

We Are America's Largest Direct-to-You Nurseries

Because we grow and sell direct-to-you more nursery stock than any other nursery, we can sell first quality stock at reasonable prices. Our soil is rated the finest in all America for growing nursery stock. It produces wonderful roots and fine tops. If you have never planted any of our seeds, order some this year. They are guaranteed to grow.

Sales Tax

The law requires us to collect a sales tax of 2% on all orders sent to us **BY PEOPLE LIVING IN IOWA AND MISSOURI**. Iowa and Missouri customers will please add this amount to their orders. **BUT PEOPLE NOT LIVING IN IOWA OR MISSOURI DO NOT SEND ANY SALES TAX.**

Handling Charge

Please add 35¢ to your nursery order if it is less than \$5.00. This is to help cover the cost of handling small orders. There is no handling charge on seed orders. Thank You.

Send Living Gifts

**That Will Be Cherished for Years
For Christmas, Birthdays, Mother's Day,
Easter, Anniversaries: Any Occasion**

Each year more and more people wish to send their friends and loved ones Living Gifts. It is very easy to do.

You select from our catalog whatever you wish us to send. With your remittance, give us the name and complete address to whom you want it shipped. We will send this party a suitable Gift Certificate giving your name as donor and listing the stock you selected (without prices). It will be shipped at the proper planting time. *We guarantee satisfaction to you and to those receiving the gifts.*

YEWES FOR SHADY SPOTS

Yews (also called Taxus) are considered by many as the most beautiful of all evergreens. The waxy, rich green foliage and graceful form make them perfect for foundation planting, for entrances or corners. Thrive in a part or fully shaded location. Postpaid.

E 21 Upright Yew (Taxus Hicksi)—Grows in upright columnar shape or can be pruned into globe shape or hedge.

18 to 24 inches . . . Each \$3.95, 2 for \$7.45

E 22 Spreading Yew (Taxus Cuspidata)—Grows 6 to 8 feet across but can easily be pruned into more compact shape. Relatively slow growing but every inch is a delight.

12 to 18 inches . . . Each \$3.45, 2 for \$6.45

UPRIGHT EVERGREENS

for accent, doorway or corner planting

E 10 Blue Scopalarum (Gracilis). The best upright type Evergreen for planting West of the Mississippi. Makes a very dense, shapely plant 8 to 10 feet tall but can easily be trimmed lower. Rich silver-blue color. Postpaid.

E 11 Columnar Blue Juniper (Glaucia). Plant this naturally columnar shaped Evergreen if you live East of the Mississippi River. The dense, handsome, blue-green foliage blends perfectly in any planting. Grows 8 to 10 feet tall but can be trimmed lower. Postpaid.

E 9 Green Scopalarum (Commando). The rich, dark green foliage and natural pyramidal shape makes this one of the most attractive of all uprights. Grows densely and requires very little shearing. Plant in states West of the Mississippi River. Postpaid.

Colorado Dogwood

White flowers in summer
 Maroon foliage in fall • Red bark in winter

\$ 34 Colorado Dogwood (Cornus Stol. Coloradensis)—One of the very best native American shrubs. It makes a symmetrical shrub, 6 to 8 feet tall and 6 to 8 feet wide. Blooms at intervals all spring and summer, white flowers followed by white berries. Then in the fall the foliage turns maroon-red. In the winter the bark is a pleasing red. Perfectly hardy and easy to grow. Makes a perfect screen.

new, improved

Crape Myrtle

We wish to call special attention of our southern customers to these new, improved varieties. They are so superior that they will completely replace the old tall-growing common crape myrtle just as soon as enough are available. They make neat compact plants 5 to 6 feet tall, a perfect size for modern landscape plantings. In northern states, grow them like Everblooming Roses, giving winter protection by mounding up dirt before severe cold weather. In the north, the tops will die down but they will come up fresh in the spring, blooming profusely on new growth from mid-summer to frost. The large flower trusses have a soft crepe-like texture and many consider them the most beautiful of all flowering shrubs with their clear, rich, lovely colors. Our plants will bloom this very summer. We assure you that these varieties are so beautiful that if you could see them blooming, we would not have enough to supply a single city like Dallas, Texas, Oklahoma City, Oklahoma or Kansas City.

Whenever Mr. Mayhew, the noted Crape Myrtle authority, heard of a superior plant, he would go see it and if he liked it, would arrange to grow some. Then a hybridizing program was started. After years of selecting and testing from this tremendous collection, these are offered as the first of an entirely new race of Crape Myrtle. Selected for color, freedom of bloom, plant habit and all-around general superiority. We unconditionally guarantee them to please you.

Hardy Firethorn, Kasan

Our Most Attractive, Fruiting, Evergreen Shrub

S 37 Hardy Firethorn (Pyracantha Kasan)—This is the hardiest of all the Firethorns we know. It has come through six winters here at Hamburg (down to 20 below zero) without injury. However, we do not recommend planting north of central Iowa. It is by far the most attractive, hardy, fruiting, evergreen shrub. Usually starts bearing the second year after planting. The plants are covered with large trusses of white flowers in the spring, followed by brilliant, flaming orange berries which hang on into winter. It makes a very dense shrub with handsome rich green foliage which becomes a magnificent purple during the winter. In foundation plantings, borders or as a specimen it is outstanding all year. THE Sunshine SHRUB

S 48 Sunshine Shrub (Hypericum, Kalmianum). It makes a perfect mound, 2 to 3 feet tall and 3 feet wide, very dense and bushy. We call it the "Sunshine Shrub" because of the cheery brightness it brings to home plantings. The bright, golden-yellow flowers are produced all summer long. Very easy to grow, not particular as to soil, grows in full sun or part shade, even in quite dry places. In severe winters the tops will die down. Next spring just cut off the old tops and new growth will come up from the roots.

NEW, IMPROVED Winter-Green Stays Green All Winter

S 155 Winter-Green (Euonymus Manhattan)—This is an improved selection of one of the most attractive and versatile of all shrubs. Brighter green foliage and it holds this rich green color through the winter far better than the regular Winter-Green. *The lustrous, glossy green leaves stay on all winter*, especially when planted in part or full shade. Makes a shapely bush 5 to 7 feet tall but can easily be trimmed to any desired height. Fine for foundation planting, as specimens, and makes a wonderful hedge. Thrives in sun or part shade, or even on the north side of house. Hardy here in southern Iowa but we do not advise planting farther north. This fine shrub can be used instead of evergreens. Easier to grow, not as expensive, and grows faster.

BEAUTIFUL
NIKKO BLUE

Blue Hydrangea

S 55 Blue Hydrangea. This is a new improved variety, Nikko Blue, which produces immense flower heads all summer, often a foot across, that last for many weeks. In ordinary soil the flowers are pink. In acid soil, they are blue. You can make your soil acid by mixing in one half Peat Moss (see page 81). Or, you can water twice a month with a tablespoon of aluminum sulphate per gallon of water to make the color a rich blue. If you cannot get aluminum sulphate from your drug store we will send you some for 50c postpaid.

It does best in partial or full shade, even on the north side of the house. Grows only 3 to 4 feet tall making a well rounded shrub just as wide. Perfect for foundation planting, in the shrub border or a group of 2 or 3 will enhance the beauty of a picture window in your home. Where winter temperature goes below zero give protection just like roses by mounding up 10 to 12 inches of soil around the plant before severe freezing weather. We do not recommend planting north of central Iowa. Our plants are well rooted field grown. Becomes more popular each passing year.

New Vanguard Flowering Crab

Vanguard Flowering Crab, New for 1963

T 31 Vanguard Flowering Crab—This fine ornamental tree was originated by the University of Minnesota who also originated Radiant which has rapidly become America's most popular Flowering Crab (see page 16). Vanguard blooms very young, the sparkling rosy-pink flowers cover the entire tree in early spring, followed by small fruits which color bright red in mid-summer and hang on into winter. Completely hardy, it grows 10 to 12 feet tall, very upright in the early years, then becoming an attractive vase-shape at maturity. The new foliage has a reddish cast which turns to bright green in early summer. Perfect for a screen, background or a focal point. Very hardy, easy to grow, from coast to coast.

Inter-State Shade Trees

FOR LAWN OR PARKING

Ginkgo "Autumn Gold" (T. M. Reg.)

T 22 Ginkgo Biloba Autumn Gold is the finest selection of Ginkgo, the oldest tree known to man, a survivor of the Ice Ages. Only by being completely free of disease and insect pests, and being able to withstand almost any climate condition has it survived over a million years. It remains trouble-free, the perfect answer for shade tree planting in practically all of the United States.

"Autumn Gold" is a medium-fast growing tree and will make an oval-upright shaped tree 50 to 60 feet tall. The rich green foliage has a unique fan shape which colors a glorious golden-yellow in late fall. Easy to grow and completely hardy here at Hamburg. These are male trees that do not bear the objectionable fruit.

3 to 4 feet, Postpaid..... Each \$3.95, 2 for \$6.95

T 25 Metasequoia, Dawn Redwood—One of the rarest of all trees, this was believed for many years to be completely extinct. It was rediscovered in central China and is now available for home planting. The unique bright green foliage hangs on until late fall. Easy to grow, not particular as to soil, these fine young plants will grow rapidly into lovely specimen trees superb for lawn or accent planting. Completely hardy here at Hamburg.

1½ to 2 feet, Postpaid..... Each \$3.95

T 15 New Dr. Merrill Hybrid Magnolia—A new hybrid of the lovely "Star Magnolia" (Stellata), covered with white star-like flowers in early spring. Excellent foliage, prefers a sunny location and is hardy here at Hamburg. Blooms very young.

New Hamburg Hybrid Elm

PICTURED AT RIGHT →

OUR FASTEST GROWING SHADE TREE

T 3 Hamburg Hybrid Elm. This is an entirely new tree, a Hybrid Elm, the fastest growing tree we have. In just ordinary soil and under normal conditions, it grows 6 to 10 feet a year. It grows so rapidly that in just five years after planting, you will have a handsome shade tree. Neither winter's cold nor summer's heat bother it the slightest. And most important of all, it has proven to be immune to the phloem necrosis virus, one of the dreaded diseases which is killing American Elm trees. It is not immune to Dutch Elm disease. Makes a shapely tree with large, dark green leaves. Withstands very well wind and sleet storms. Perfectly hardy here. An amazingly rapid grower, there are countless thousands of homes where it will quickly bring shade and beauty.

CHRISTINE BUISMAN ELM

New Disease Resistant Elm

T 40 Elm, Christine Buisman. This sensational new elm is highly resistant to the diseases which are killing so many of the beautiful American Elm trees. Tests by the U. S. Dept. of Agriculture prove that the Christine Buisman Elm is not affected by either the Dutch Elm disease or phloem necrosis. This is the tree you should plant instead of American Elm for the finest in large, permanent shade trees. It makes an attractive, shapely, well-branched tree.

ORNAMENTAL TREES FOR EVERY HOME

T 2 Golden Chain Tree, Laburnum Vossi. One of the rarest and most beautiful low-growing trees. In the spring it is filled with golden flowers, in graceful clusters 12 to 18 inches long. Here at Hamburg it must be planted in a spot protected from winter winds. So we do not advise planting it north of extreme southern Iowa. But East and South of us it will make your yard a center of attraction.

Plant Nut Trees for profit, beauty, shade and food

Thomas Black Walnut, Actual Size

THOMAS BLACK WALNUT

N 1 When the long cold evenings of winter come, what a pleasure it is to crack some Black Walnuts to eat or for fudge, or for mother. She can use them in so many different ways and what a delicious flavor they add. Everybody likes Black Walnuts, but the common Black Walnut is small and it is hard to get out the meats.

Now you can have the Thomas grafted Black Walnut, which is giant size with kernels much larger, better flavor and much easier to get out. Thomas is fast growing and produces very large nuts. It is the greatest nut tree of the country. You should plant it because—

1. It bears very young, often second year after planting. A mature tree will produce 15 to 40 bushels of giant size nuts which sell for \$4.00 or more per bushel.
2. The nuts are immense size as pictured above. They crack easily so the meats come out in halves and quarters. A bushel of nuts cracks out 10 to 12 pounds of meats.
3. The nuts are delicious flavor and because they are so large and plump and come out in halves and quarters they sell for \$1.25 or more a pound.
4. It will grow in every state where Black Walnuts are native. It is not particular as to soil. Plant 50 feet apart.
5. In time the tree will grow large and walnut logs are scarce. If you wished you could sell the trees for lumber at a good price. These are grafted trees and grow rapidly.

CHINESE CHESTNUTS

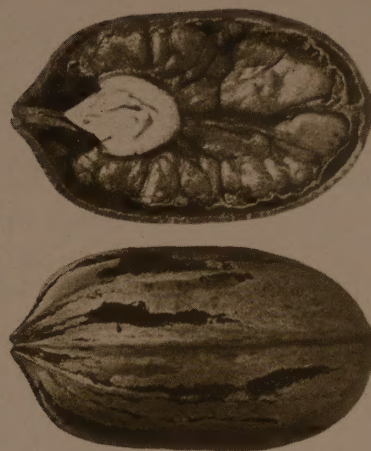

N 17 These Chinese Chestnuts are seedling trees from selected parents which have been found to be superior. They start bearing very young, generally a year or two after planting. The nuts are large, sweet, fine flavor. They develop into large, handsome trees, attractive enough to plant in your lawn as a shade tree. We do not recommend planting them where temperature regularly falls to more than 15 below zero. Yields will be larger if you plant two trees so they can cross-pollinize.

STUART PECAN

*Thin Shelled
High Quality
Bears Heavily
and Regularly*

N 42 Stuart Pecan. This is the hardiest of the regular Pecan varieties which are grown throughout the South. It lives, bears and matures its nuts as far north as Kansas City, Missouri. We do not advise planting north of Kansas City. Stuart is very thin shelled and cracks easily into halves. The nuts are high quality with that real, delicious Pecan flavor. The tree with its rich green foliage, perfect form is attractive enough to plant in your front yard. It bears heavily and regularly, large nuts just like those you buy. This outstanding variety not only can be planted farther north than other Pecans but is also one of the best kinds grown in the regular Pecan sections of the South. If you live south of central Missouri, you should plant a Stuart Pecan tree and grow the delicious nuts right in your own yard.

HARDY ENGLISH WALNUTS

Carpathian

N 32 Hardy English Walnut, Carpathian. You know what the popular English Walnuts are which are grown on the west coast. These Carpathian English Walnuts are just like them, thin-shelled, fine flavor but the Carpathians are far hardier. They will live and bear in all but the most extreme cold states like Minnesota, Dakotas, etc. They develop into quite large specimen trees, magnificent in the lawn or back yard.

Newly planted Walnut, Pecan and Chestnut trees are slow to start. After digging hole, fill it with water, twice is better than once, to thoroughly soak the sub-soil. After planting, water again. Then if weather is dry, water every 2 weeks. When you water, do it thoroughly. The moisture must get down to the roots. We have found that using Ra-Pid-Gro (page 82) when planting and several times during the summer is beneficial.

HARDY HEDGES

Bridal Wreath, Above

HANDSOME *Bridal Wreath*

H 3 Bridal Wreath (*Spirea Van Houtte*)—This photograph shows the beauty of Bridal Wreath, America's most popular and widely planted untrimmed flowering hedge. Millions of small white blooms cover the gracefully arching branches, every spring, without fail. Requires no special care and lasts a lifetime. Perfectly hardy, grows everywhere, in full sun or partial shade. You see it all over America and everywhere it is attractive and thriving. Makes a marvelous natural hedge or screen 5 to 6 feet tall. AMAZING ROSA MULTIFLORA

H 7 Rosa Multiflora Japonica—The conservation people recommend this for a living hedge where you have plenty of room, for erosion control and an excellent wild life refuge. However, we do not advise using it on small city lots because when not trimmed it makes a bushy, thorny plant 6 to 8 feet tall and almost as wide. Other hedges are better if you want a trimmed hedge. Has white flowers in spring followed by red fruits which the birds like. Hardy up to central Iowa. Plant 18 to 24 inches apart.

HARDY *Privet* HEDGE

H 2 Hardy Russian Privet (*Amor River North*)—Is by far the most popular hardy trimmed hedge in the northern states. It makes a permanent hedge, lasting for generations. Not only adds beauty, it also protects your yard especially if you have a corner lot. It is fine for a division line between yards. Can be trimmed to any desired height, making a thick, dense hedge, without thorns, right down to the ground. Requires trimming only twice during the summer. Leaves are rich, dark green and hang on until very late fall. Plant 1 foot apart.

CHINESE ELM for Hedge or Windbreaks

H 1 Chinese Elm—Is America's fastest growing hedge. It is the first to leaf out in the spring and one of the last to shed in the fall. You can trim to any desired height from 3 to 10 feet, as a hedge or tall screen. The more you trim it the more dense and compact it becomes. We recommend that after planting, you cut off nearly all the top, leaving only 5 to 6 inches above ground. This will make a bushier hedge. Plant 8 inches apart. Also makes a fine WINDBREAK—fast growing, drought resistant and economical. For windbreaks, plant 5 to 6 feet apart in 2, 3 or 4 rows with alternate spacing. Do not trim after planting.

Imperial Crimson

The Greatest Lily Ever Created

B 181 Imperial Crimson Strain Lily. Of all the fine Lilies originated by Jan de Graaff, the world's most famous Lily hybridizer, Imperial Crimson is his greatest achievement. It is a completely new type of Lily, the Empress of India x Auratum x Rubrum hybrid, which leads the way for fabulous new things in the exciting lily field. With the bold, flaring, banded style of the Auratum and the rich red color of the Rubrum, it is a breathtaking sight in full bloom in July-August. Tremendous flowers, often reaching 8 to 10 inches across are borne like monarchs on strong 3 to 5 foot stems. And they are completely hardy, vigorous and so easy to grow, coming up year after year with more flowers each season. Far superior to Jillian Wallace and other similar crosses.

Each \$3.75, 3 for \$8.50

New Hardy Lilies

B 85 Cinnabar is the finest upright flowering red Lily we have seen. Completely hardy, vigorous and free-blooming, it has all the qualities of a great Lily. Clusters of vivid crimson-red flowers are held proudly erect on 3 foot stems in June-July.

Large Bulbs (5 to 6 inches around).....Each \$1.00, 3 for \$2.50

B 66 Prosperity. Extremely vigorous and perfectly hardy, Prosperity will be sensational in gardens all over America. It grows 3 to 4 feet tall and produces more and more strong stems every year, each stem topped with 6 to 10 lovely lemon-yellow flowers in June-July. Prosperity is a hybrid selection from the world's most famous Lily hybridizer, Jan de Graaff.

Large Bulbs (5 to 7 inches around) .Each 85c, 3 for \$1.95, 6 for \$3.45

B 82 Improved Regal Lily, America's Favorite. This Creelman Hybrid is far better than the regular Regal. Larger flowers, more of them, richer color and more vigorous. Blooms in June-July on strong stems 3 to 4 feet tall. Great clusters of the lovely, fragrant flowers, a lustrous snow-white with a golden throat. Plant them 7 inches deep.

Giant Bulbs (8 to 9 inches around) .Each 75c, 3 for \$1.85, 6 for \$3.25

B 68 Auratum Platyphyllum. This is the best strain of one of the world's most beautiful Lilies. The flowers are huge, 5 to 7 inches across. They are waxy white with small crimson spots and each petal has a center stripe of golden yellow. Blooms from late July into September.

Large Bulbs (7 to 8 inches around).....Each \$1.50, 3 for \$3.75

B 87 Enchantment (P.P. 862). In June-July, it is a blaze of color, vivid rosy-flame flowers, 4 to 5 inches across, on stems 3 feet tall. One of the most beautiful and prolific of all Lilies. Postpaid.

Top-Size Bulbs (5 to 6 inches around)Each 75c, 3 for \$1.95

B 83 Philippine Lily, White Superior (Formosanum). Delightfully fragrant, trumpet-shaped flowers, 7 to 8 inches long of pure white. Blooms in mid-August on stems 4 to 6 feet tall.

Selected bulbs (5 to 6 inches around).....Each 50c, 3 for \$1.35

B 43 Sentinel. New. Large trumpets of purest white with soft golden throat on strong stems 3 to 5 feet tall. The finest white trumpet Lily we have ever seen.

Large Bulbs (6 to 7 inches around)Each \$1.50, 3 for \$3.75

B 65 Rubrum. Many think this is the most beautiful of all hardy Lilies. Flowers are bright pink edged white, with small maroon spots. Blooms in August and September on strong stems 3 to 4 feet tall. The reflexed wavy flowers are lovely in the garden and fine for cutting.

New, Hardy *bloom spring to frost*

For mass display of color, hardly anything can equal climbing roses in full bloom. Used on porches, arbors, trellises and trailing over fences. All these climbers are hardy, but we recommend that winter protection be given in cold sections. Set 3 to 4 feet apart. Dr. J. H. Nicolas, Blaze, Blossomtime, Carrousel, Paul's Scarlet, Gladiator, Golden Showers, Coral Pillar are ideal for trellis. They are Pillar type and do not grow as vigorously as the others. Gold Rush, New Dawn, Show Garden and White Dawn grow more vigorously and can be used for trellis, porch, pergola, or fence. City of York is ideal for pergola, porch or fence as it is such a strong grower.

Gladiator, New, Everblooming. Pictured on Page 30

C 164 Gladiator (P.P. 1524). A new everblooming Climbing Rose with immense 5-inch high-centered fragrant flowers of a glowing rosy-carmine-red. It blooms and re-blooms from Spring to Frost. Has withstood below zero with us but we advise winter protection in cold states so as to take no chance of losing any of the wonderful flowers the following Summer. Strong grower, 8 to 10-foot tall, with blooms all over the plant.

CLIMBING Golden Showers

C 162 Golden Showers (P.P. 1557). The first Climbing Rose to win the AARS Award in 16 years. An all-purpose climber, it can be trained on a fence or trellis, or it makes a natural, self-supporting pillar Rose about 5 to 6 feet tall. However you use it, Golden Showers is certain to make your home or garden more beautiful. And it is everblooming, beginning with a grand display in late spring and blooming continuously until late fall. The fragrant 4 to 5 inch flowers are a fresh daffodil yellow. *Pictured on Page 30.*

Climbing Roses

NEW CLIMBING Show Garden, pictured on page 30

C 160 Climbing Show Garden (P.P. 1295). Never in our experience have we been so in love with a new hardy climbing rose. The 6 to 7 foot plants, simply covered with the large 4 to 5 inch fully double flowers of rich glowing deep pink are a sight never to be forgotten. Truly befitting its name as it is a show garden in itself from late May right up to freezing. A Brownell Sub-Zero rose, disease free, vigorous and hardy. It has been rigorously tested by us in our own trial grounds for 3 years. We are proud to offer it to our customers as we know it will win us many friends. The plant pictured on page 30 was photographed 4 months after planting. It will make the same strong-growing, free-blooming pillar-type climber for you **THE VERY FIRST SUMMER.**

C 170 Gold Rush—At last we have a hardy everblooming yellow climbing rose. The lovely flowers are large, double, high-centered and a rich golden yellow. They are produced from late spring to frost. Will bloom this summer and fall. Hardy.

Specimen, Each \$2.00, 3 for \$5.25
2-Year No. 1, Each 1.75, 3 for 4.65

C 152 New Dawn—The flowers are large, double, a lovely apple-blossom pink, delightfully fragrant. Blooms constantly from late spring to frost. An ideal pillar rose. Hardy. Will bloom this season.

Specimen, Each \$1.75, 3 for \$4.65
2-Year No. 1, Each 1.50, 3 for 3.95

C 165 Dr. J. H. Nicolas (P.P. 457). From late spring to hard frost it produces fully double, 50 to 60 petals, deep rose-pink flowers. Very fragrant, they come on long stems fine for cutting. Very fine as a pillar rose. The most popular climber we ever sold.

Specimen, Each \$2.00, 3 for \$5.25
2-Year No. 1, Each 1.75, 3 for 4.65

C 159 Climbing Carrousel (P.P. 1990)—Here is an everblooming red pillar that really blooms all summer to frost. Large, double, rich crimson flowers, delightful in the garden and superb for cutting. Makes a handsome plant 4 to 5 feet tall.

Specimen, Each \$2.75, 3 for \$7.20
2-Yr. No. 1, Each 2.50, 3 for 6.60

C 169 White Dawn—The first hardy, everblooming white climbing rose. The flowers are double, snow-white, fragrant and produced constantly from late spring until frost. **WILL BLOOM THIS SUMMER AND FALL.**

Plant Inter-State's Large Flowering Giant Cannas For Continuous Bloom Early Summer to Frost

No other flower will give as brilliant a display all summer as a bed or border of Cannas. WE SEND YOU BIG, EXTRA FINE BULBS. These larger bulbs will produce more and better flowers. Plant them in full sun in good soil when the ground warms up in late spring. Do not plant too early or they will rot in the ground. Water freely in dry weather. Plant 2 inches deep and 18 inches apart. As the picture shows, Annuals (pages 76 to 78) make fine borders for Cannas.

Grow Prize Dahlias

Dahlias are the largest and most beautifully colored of all the late summer and fall flowers. Easy to grow, we send simple planting instructions with every order. For exhibition, nip off the side branches allowing only a few main stems to grow. For lots of flowers, nip the ends of the main shoots when only a foot or so tall, making them branch. A young, medium-size bulb will do much better than a large, over-grown bulb. ALL DAHLIAS ARE POSTPAID.

*Just look at these low prices
for fine Dahlias—All will bloom this
late summer and fall.*

EXOTIC *Cactus Dahlias*

Many people think these Cactus Dahlias are even more spectacular and beautiful than the Giant Dahlias. The stylish, quilled flowers reach 5 to 6 inches across yet they are so graceful they make charming bouquets. The vigorous plants are prolific bloomers.

Ten of the 15 Roses listed below are pictured on pages 42 and 43. We call them our Gold Medal Roses because of the great number of high awards they have won, including several All America Award Winners. There are none finer available at any price. Charlotte Armstrong, Crimson Glory and Peace are 3 of the greatest Roses ever created. Plant several this spring. In just a few short weeks you'll be enjoying their beautiful flowers, and, you'll have blooms all summer, so lovely in the garden or simply gorgeous in bouquets.

We offer 3 sizes of plants. Those who prefer extra large bushes, will select the Large Specimen Plants. These are big and husky, well-branched and heavily rooted, the cream of the crop. However, we assure you that our Select 2-Year No. 1 Plants will satisfy critical buyers. They have made Inter-State Roses famous all over America. The Standard 2-Year Medium (No. 1 1/2 grade) Plants are smaller than the No. 1. They will bloom this summer and are a good value.

C 12 Allure (P. P. 886)—The buds are large, pointed, perfect form and gradually unfurl to a very large, high-centered flower with a pleasing fragrance. The color is a rich shining Neyron rose suffused with gold and tinted salmon.

C 52 Blanche Mallerin—Long, shapely buds open to high-centered flowers of pure white. Makes a vigorous plant 3 feet tall.

CHARLOTTE ARMSTRONG

World's Finest Pink Rose

C 10 Charlotte Armstrong—One of the world's best roses; winner of many honors. Magnificent in the garden because of its great vigor, disease-resistant foliage and freedom of bloom. Long streamlined carmine buds open into enchanting flowers of the loveliest cerise, beautiful at all stages. Pictured on page 43.

C 42 Countess Vandal—The long, pointed, orange-copper buds will delight you, one of the finest roses in bud form. Opens into large, double, high-centered flowers of brilliant pink shaded salmon with yellow at the base. Makes a healthy, free-blooming plant. Fragrant. Pictured on Page 42.

CRIMSON GLORY—America's Most Popular Red Rose

C 11 Crimson Glory—Pictured on page 42. America's favorite red rose. Perfect buds open into large, magnificent blooms of velvety deep crimson. So fragrant that only a few flowers will perfume a room. A healthy grower, it produces its beautiful flowers from late spring to frost.

C 25 Duquesa de Penaranda—A most intriguing color of orange-apricot, with deeper coppery tones, large pointed buds, sweetly perfumed, long lasting. A tall, strong grower with beautiful foliage. One of the first varieties to bloom in the spring. Pictured on page 43.

C 26 Eclipse—We rate this one of the best of all yellow roses. The golden-yellow, streamlined buds are often more than 2 inches long ornamented with narrow, branching sepals. Very fine for cutting with their strong, erect stems. The vigorous, upright plants are in bloom almost continuously from June until Frost.

C 14 Heart's Desire—This great All America Winner is available at popular prices for the first time this spring. The long pointed, perfect buds open into large graceful flowers of rich scarlet-crimson. A small bouquet will fill a room with its delightful fragrance. Healthy, vigorous, free-blooming.

C 18 Lowell Thomas—The finest pure, clear, non-fading yellow. Shapely buds, large, high-centered flowers of excellent form. Superb for cutting. A vigorous grower. Pictured on page 43.

C 47 McGredy's Ivory—A magnificent creamy-white rose that is fragrant and deep-petaled. Buds are long pointed, opening into very large, double flowers. Many consider it the finest white rose. Pictured on page 43.

C 49 McGredy's Yellow—This is our favorite yellow rose. The color is so soft and clear and pure. The flower has a charm and grace all its own and entirely distinct.

C 50 Mirandy—This is one of America's finest dark red roses. Large buds open into immense fully double flowers with 50 petals and last a long time. Very fragrant. Blooms singly on long stems, fine for cutting. Vigorous grower with deep green, luxuriant foliage. A prolific bloomer from June to frost. Pictured on page 43.

PEACE—World's Greatest Rose

C 58 Peace—The greatest rose ever created. The perfect buds open slowly into large, fragrant, fully double flowers. Its greatest charm is the changing panorama of colors. The buds are rich gold edged cerise. As the outer petals unfold, the gold changes to canary then lightens to creamy ivory. The cerise edge gradually deepens and becomes broader so the fully open flower appears a sparkling cerise with a creamy-yellow base. A vigorous, healthy, free-blooming bush. Pictured on page 42.

C 64 Pres. Hoover—A glorious combination of cerise-toned orange, scarlet and yellow. Richly perfumed, long stemmed and free-blooming. One of the most beautiful roses ever introduced. Pictured on page 43.

C 77 The Doctor—Considered by many to be the most beautifully colored of all roses. Long, pointed buds open into simply enormous, yet graceful blooms, very fragrant. It is a pink with an iridescence, a sheen beyond description. Each flower is so perfect, so gorgeous, you will consider it almost priceless. Far more beautiful than pictured on page 42.

Inter-State's ROSE GUARANTEE

We believe our roses are the finest it is possible to produce. They are guaranteed to grow and bloom for you this summer, except some climbers which bloom next year after planting. If they do not, notify us by August 1st, 1963 and we will replace them free.

Remember that roses are living plants and respond to good care and attention. With each order we send a Planting Guide. Just follow the simple planting and cultural instructions and you will have glorious flowers. Fertile soil and loving care means more and better blooms.

Use RA-PID-GRO (page 82) regularly for more and better flowers.

Hardy, Rugged Roses

Here are five roses that the test of time has proven to be unusually hardy, healthy, vigorous and free-blooming. POSTPAID.

Etoile de Hollande, red

Pink Radiance, pink

Frau Karl Druschki, white

Talisman, two tone

Mrs. P.S. du Pont, yellow

CC 215A All 5 for only \$6.45 Large Specimen Plants

CC 215 All 5 for only \$5.45 Select 2-Year No. 1 Plants

C 22 Christopher Stone—A most exciting new rose—a brilliant, sparkling scarlet-crimson without a trace of blue. Shapely long pointed buds open into large attractive flowers with the true old damask rose fragrance. A healthy, vigorous grower and exceedingly free-bloomer. Stands lots of heat. One of the best bright red roses.

C 21 Condesa de Sagtogo—Large, fragrant flowers with inside of petals red and outside yellow, creating a striking two-tone effect. An unusually healthy, vigorous grower, very free-blooming. Thrives even under difficult conditions.

C 30 Etoile de Hollande—One of the grandest red roses of all time. The buds are simply perfect and they open into large, glorious flowers of velvety crimson. Very fragrant, fine stems for cutting.

C 34 Frau Karl Druschki—The magnificent white rose that is loved by all. Immense long, pointed buds open into graceful flowers that are unsurpassed for form and the color is the clearest, pure white.

C 54 Karl Herbst—Also known as Red Peace. Like its famous parent, Peace, Karl Herbst combines the qualities of a truly great rose—a vigorous, luxuriant plant with beautifully-colored, fully double flowers. You'll enjoy the rich crimson blooms with their lively fragrance and long stems so nice for cutting.

C 44 K. A. Victoria—Absolutely perfect, fragrant flowers of ivory-white. An old favorite that even today is unsurpassed.

C 51 Mme. Joseph Perraud—An outstanding rose. A wonderful exhibition and garden rose. The long slender buds open into fragrant full flowers of nasturtium buff flushed orange.

C 55 Mrs. P. S. du Pont—From early summer until freezing this rose is a glorious sight with its rich yellow flowers. Long pointed buds, fragrant, profuse bloomer. It was the favorite yellow rose in our World's Fair Rose Garden in Chicago.

C 56 Mrs. Sam McGredy—Exquisite pointed buds open into beautiful, large, double, high-centered flowers of striking colors, scarlet, orange and copper. Fragrant, long stems fine for cutting. Free-blooming.

C 59 Picture—We consider this one of the very finest pink roses, a clear pink with just a trace of salmon to give it a warm glow. Delightfully fragrant. Blooms continuously.

C 60 Pink Dawn—A new rose. Fine for gardening and cutting. Buds are lovely, and open into large, fully double flowers of clear, purest pink. Extremely fragrant. A vigorous grower.

C 62 Poinsettia—This free-blooming rose brings to you the brilliance, the glowing red color of the Christmas Poinsettia. Long pointed buds, ideally formed, fine for cutting.

America Roses

HEALTHY • VIGOROUS • EVERBLOOMING

C 72 Royal Highness (P.P. 2032). For sheer beauty in classic exhibition style, we know of no pink rose which can equal this fabulous new 1963 All America Hybrid Tea. Each slim, graceful bud opens into a perfectly-formed, high-centered flower held so proudly erect on strong stems, just waiting for you to bring in for picture-perfect bouquets. The color is a soft, pastel, "sugar-frosted" pink, richly set off by the dark green, glossy leaves. Be sure to add it to your rose garden this spring. It will immediately become one of your favorites.

Spectacular New

STARTLING, NEW COLORS!

The varieties pictured and described on pages 44 and 45 are 6 of our very best everblooming hybrid tea roses. Their lovely, colorful flowers will make a spectacular showing in your garden this summer and for many years to come. All 6 will bloom profusely from late spring until freezing weather in the fall—large, fully-double flowers, rich colors, long stems for gorgeous bouquets.

C 46 Chicago Peace (P.P. 2037). This is a true color sport of Peace which was found in a garden of a Chicago suburb. It is a carbon copy of that great rose with only the colors changed. The enormous, full high-centered blooms are a rich, shimmering pink with canary yellow and copper tones at the petal bases. And, it has that old-fashioned fragrance. The plant is Peace all over again . . . vigorous, strong growing, free-blooming with large, leathery, glossy leaves. A great new rose for 1963.

C 183 Kordes Perfecta (P.P. 1604). Wilhelm Kordes, creator of Crimson Glory and many other great roses, calls this his "perfect" origination. In the garden, in bouquets or for exhibition in flower shows, it simply can't be equalled. The big, high-centered, fully-double blooms are a fascinating combination of creamy-white edged carmine-pink suffused yellow at the base. Add "Perfecta's" vigorous, healthy, well-formed plants and you have one of the finest roses ever created.

Hybrid Tea Roses

HUGE, DOUBLE BLOOMS!

All Inter-State Roses are guaranteed to please you when you receive them and also when they bloom in your garden this summer. All Roses are shipped Postpaid, trimmed ready for planting.

C 184 Pink Peace (P.P. 1759). Like its famous namesake this great new rose has everything—giant flowers (up to 6 inches across!), rich color, delightful fragrance and vigorous, healthy plants with handsome rich green foliage. The fully double flowers are a luminous, unfading pink with each petal outlined by the most delicate edging of lighter color. This is one of the top varieties in our gardens here at Hamburg every year. One of the very best pink roses.

AUTUMN SUN RUDBECKIA, New for 1963, pictured below

M 137 Autumn Sun Rudbeckia—A new perennial we imported from England. It is the best tall hardy, late summer perennial we have. Makes a fine clump 5 to 6 feet tall, which in late summer and early fall has stately spikes of flowers, rich shiny bright yellow with green cone. The foliage is large and stays nice and green all through the season. We rate this very highly and believe it will become popular as people see it. Thrives in ordinary soil, in full sun or part shade. Magnificent for the background or focal point. Actually it is attractive right down to the ground.

Each \$1.00, 3 for \$2.65 Postpaid

Japanese Iris, THE RAINBOW IRIS, Pictured Above

M 182 Japanese Iris, Kaempferi, The Rainbow Iris. Called Children of the Gods in early days because of their gorgeous colors. Few plants can compare with them for spectacular beauty. Bloom in June and July. Large flat flowers, some as large as dinner plates, atop strong stems nearly 3 feet tall. The foliage itself is attractive. When planting, cover the crown with 2 inches of soil. Like a sunny spot, rich soil and abundant moisture, especially early in the season and when blooming. They like an acid soil (the average soil is slightly acid), and will not tolerate lime. Grown from coast to coast. Priced low for extra fine plants. This spring we can supply only a fine mixture of many colors: white, blue, purple, pink.

Above, Vinca Minor, grows in full shade

Vinca Minor, our best ground cover

M 259 (Periwinkle). This is by far our best ground cover, an improved strain which produces more and larger flowers. In early summer it is a profusion of bright blue flowers set off beautifully by glossy green foliage that stays green summer and winter. It is fine for covering banks and bare spots, even under trees where grass will not grow. This Vinca not only is exceptionally good for planting in shady, hard-to-grow places, but it also grows in full sun or part shade. We send you 4 divisions in a bunch. Plant these divisions 4 to 6 inches apart and in a year or two you will have a solid carpet of green. Excellent to plant around Lilies as it protects their roots summer and winter. Especially here in the mid-west, it is the best ground cover we know.

M 110 Euphorbia, Polychroma—In spite of its name, this is one of our best perennials. Beautiful, rare and hardy. In May and June it is a golden mound of yellow, rose-shaped flowers. Grows only 12 inches tall. After blooming, clusters of pea-shaped seeds, which color red, form on the ends of each stem, making a lovely contrast with the green foliage. Wonderful border plant, in full sun or part shade. In the fall, the foliage and bark turns attractive ruby-red.

Artemisia, Silver King, above

M 25 Artemisia, Silver King—This hardy plant is highly prized because of its frosty silvery-white foliage. It is attractive in the garden and much used in bouquets and arrangements. Also can be cut and kept for winter use. Grows 2 to 3 feet tall, in sun or a little shade, any ordinary soil. Once planted, it will come up year after year.

Each 65c, 3 for \$1.65, Postpaid

NOTICE—Our experience shows that perennials do better when planted after the ground begins to warm up. Therefore, we ship perennials 2 weeks or so later than Roses, Shrubs and Trees. If you order both perennials and Roses, Shrubs or Trees, you will receive 2 or more shipments before your order is complete.

Hardy Veronicas

M 291 Veronica, Icicle—A new variety with pure white flowers on graceful spikes 15 inches tall. Blooms from midsummer into fall. Makes a healthy, vigorous plant with the richest dark green foliage, attractive in itself. Hardy, easy to grow, in sun or part shade. Fine in the garden or in bouquets. The more you cut it, the more it blooms.

Inter-State's Glads

DOUBLY GUARANTEED

1. Guaranteed to please you when you get the bulbs.
2. Guaranteed to please you when they bloom this summer.

When you receive the bulbs, if you are not satisfied, return just one-half of them and we will refund the money you paid us for all of them. When they bloom, if you are not delighted, you may select from our catalog, without cost, anything you wish equal to the amount you paid us for the glads. Finest of all flowers for cutting.

NEW VARIETIES • BETTER COLORS • LARGER SPIKES

Here we offer you one of the finest selections of Gladiolus (Glads for short) in America. Many are new, all are good. The ratings mentioned under various varieties below are the results of the voting by the Gladiolus Symposium. They have excelled in form, flower placement, vigor and color. Glad bulbs are ideal gifts for a relative or friend. We will ship direct to them, Postpaid, enclosing a gift card with your name.

Because we take great care in selecting our Glads we sell them by the millions, sending them to every state. We offer 2 sizes of bulbs. The **LARGE** are 1 1/4 to 2 inches across (diameter) and the **MEDIUM** are 1 to 1 1/4 inches across. All will bloom this summer, the larger bulbs producing bigger spikes. They are so easy to grow. Plant them 5 to 6 inches deep and 6 inches apart. Make your first planting when you make your early garden. Then make several plantings, 2 weeks apart and you will have the lovely flowers for many weeks. Takes around 75 days from planting to blooming. **ALL GLADS ARE POSTPAID.**

Glads by Color

This special offer is made for those who enjoy fine Glads by separate colors, yet do not care to bother keeping record of the names. The same beautiful varieties as listed on pages 53 and 54 are included, each color sacked separately. The **MEDIUM BULBS** are 1 to 1 1/4 inches across (diameter) and the **LARGE BULBS** are 1 1/4 to 1 1/2 inches across (diameter). Both sizes will bloom this summer but the larger bulbs produce longer spikes. **WE GUARANTEE BOTH SIZES TO PLEASE YOU, WHEN YOU GET THE BULBS AND ALSO WHEN THEY BLOOM THIS SUMMER.** We have selected the six most popular colors. If you bought these very same Glads by name, they would cost you considerably more. Postpaid.

New Perennials for '63

This is the finest group of new perennials we have had the pleasure of offering in many years. All 5 are easy to grow, even if you are a new gardener. And, they combine exciting garden beauty with cutting qualities that give ordinary bouquets a special something extra. All of them have been thoroughly tested here at Hamburg and found to be completely hardy (except Gerberas must be dug and stored like Cannas). Give your garden a new look this year by planting these outstanding Inter-State perennials this spring.

M 15 Ruta, Blue Mound makes a perfect mound 15 to 18 inches tall and keeps this shape and color all summer long. This lovely blue-green foliage plant is ideal for borders or for a delightful change of pace in the flower garden. Likes plenty of sunshine and a well-drained location.

Each 85c, 3 for \$2.25 Postpaid

M 146 Gypsophila, Pink Star. The lively pink, starry flowers of this grand new perennial will give your arrangements a light, "airy" look making you an envied hostess. They are also delightful in the garden with their compact plants completely covered with fully double flowers from June until frost.

Each 85c, 3 for \$2.25 Postpaid

M 163 Gaillardia, Golden Giant. This superior new perennial from England is by far the finest gaillardia we have ever seen. It blooms almost continuously from June into October on strong stems 2 to 3 feet tall, perfect for cutting. The big 3 to 4 inch flowers of rich yellow have a center of pure gold surrounded by a bright red border. Offered by us for the first time this spring.

Each \$1.25, 3 for \$2.95 Postpaid

M 29 Gerberas, Giant Hybrids (Transvaal Daisies). An exotic semi-tropical plant that does beautifully throughout all the states, even northern, by planting in late spring when all danger of frost is past. The lovely 4 to 5 inch daisy-like flowers are on 15 to 18 inch strong stems from June to severe frosts. Glowing shades of red, white, pink, salmon and rose. Sold only as mixed colors so plant in groups of 3 or 6 to enjoy an assortment of colors all summer and fall.

New Hardy Fall Blooming Asters

Each year we import new Asters from England (where most of the new varieties originate). Some are so outstandingly superior that we offer them as quickly as possible. This fall you will agree with us that never have you had such lovely Aster flowers. Hardy, grow in most any ordinary garden soil, in full sun or part shade. All are free-blooming, simply covering the plant.

M 38 Crimson Brocade. A red without purple, a bright color that is a tremendous improvement in red Asters. 22 inches.

M 34 Fellowship is a new Aster from England, the finest pink. 30 inches tall.

M 39 Violet Lady is another magnificent new English Aster, glowing violet. 24 inches.

M 41 White Wings is snow-white with golden center, the largest, most beautiful white. 24 inches.

Purple Showers Hybrid Violet

M 95 Purple Showers has the exquisite delicacy and velvety richness of color of a pampered hot-house prima donna . . . with the vigor, hardiness of a wild woods Violet. You will thrill to its abundance of color spring, summer into fall, a deep rich intense glowing purple. Makes a luxuriant plant, almost a foot across the first season, and holds its rich green foliage all winter. It will thrive on the north side or in partial shade, also grow in the sun. Low-growing, makes a wonderful showing in beds or borders. The flowers are large, often 2 inches long and come singly on 6 to 8 inch stems.

Each 85c, 3 for \$2.25, 6 for \$3.95 Postpaid

Giant Violas,

New English
Bedding Varieties

These new Giant, English bedding-type Violas are far better than ordinary Violas. The flowers are giant size, large as pansies, fragrant, with long stems. You can pick flowers daily from spring to fall. In fact the more you pick, the better they bloom. In just a few weeks the plants will make clumps almost a foot across with dozens of flowers. Plant in a well-drained spot, north side of a building is perfect but they will grow in part sun, part shade (afternoon shade preferred). These are true perennials. In cold states we suggest a winter protection by putting on some small evergreen branches or empty berry boxes then covering with a good six or eight inch mulch. Postpaid.

McKana's Giant Columbine

ALL AMERICA AWARD WINNER

M 85 McKana's Giant Columbine is the first and only perennial ever to win the All America Seed Selections Award. Plant them in your garden and you will see for yourself why they won this coveted award. The flowers are huge, many 4 inches across, with 4 to 5-inch spurs, far larger than any other Columbine we have ever seen. The colors are simply exquisite, vivid yet not bold or gaudy, shades of red, rose, pink, yellow, cream, white, lavender, purple, blue, some self-colored, but mostly pleasing combinations. Our field-grown plants will all bloom for you this spring, the Larger Select Plants will naturally produce more flowers. They grow 2 to 3 feet tall, thrive in ordinary soil and prefer slight shade. Hardy, they will come up year after year. Grown in a grand assortment of colors, mixed, a beautiful harmonious blend. Postpaid.

TO FALL

Pink Princess AMERICA'S FINEST DIANTHUS

M 114 Pink Princess, is the finest new hardy Dianthus we have ever seen. A creation of Dr. Hildreth of the U.S.D.A. Horticultural Field Station, Cheyenne, Wyo. The plant pictured is only a few months old. Allow it a year to become established and you will be amazed that it could possibly produce so many flowers. Develops into a plant over a foot across. Starts blooming in late April and for many weeks it is absolutely covered with dozens and dozens of the lovely fringed fragrant pink flowers. Grows less than a foot tall. Use it as a border, or a group, or anywhere you want a low-growing, free-blooming perennial of great appeal. We send you potted, growing plants, just right for planting, and ready to bloom.

Each 85c, 3 for \$2.25, 6 for \$3.95 Postpaid

COREOPSIS, Golden Shower

M 89 Coreopsis, Golden Shower. This is one of our best hardy new perennials. The bright yellow star-like flowers, 1 to 1½ inches across, are produced for many weeks right through the hottest summer weather. The bright green, feathery foliage is attractive in itself. Makes a neat, bushy plant 24 to 30 inches tall that will brighten up a dull corner or add color to a border.

Each 60c, 3 for \$1.50, Postpaid

New Canadian Lythrum

The Lythrum is one of our best perennials. Perfectly hardy, it will come up year after year with more spikes covered with bright, colorful flowers. The plants themselves are attractive, so neat and shapely and with an abundance of glossy, dark green foliage which becomes a fascinating reddish-purple in the fall. ALL VARIETIES OF LYTHRUM WE SELL, WILL BLOOM THIS SUMMER, starting in early July and continuing until September. Grow 3 to 4 feet tall. Postpaid.

Giant Primroses

TO GIVE YOUR GARDEN THE SPARKLE OF NEW LIFE THIS SPRING!

Plant these Giant Pacific Hybrid Primroses (*primula polyanthus*) this spring. In just a few weeks they will burst into a rainbow of lavishly beautiful blooms, almost before the rest of your garden wakes up. Large flowers, many the size of a silver dollar, much larger than pictured. Shade loving, they do fine on the north side in full or partial shade. Plant them in beds, or borders. Colors range from delicate pastels through radiant, vivid tones to the boldest, most brilliant hues Mother Nature can produce. Next spring the plants will be larger and the display almost unbelievable.

WORLD'S FINEST

New Phlox

For several years we have been testing dozens of new Phlox varieties from the world's outstanding originators such as B. Symons-Jeune. We selected these six as the very best. Their vigorous, free-blooming plants produce large flower heads that last for weeks . . . radiant beauty in mid-summer when flowers are so welcome. Our husky No. 1 field-grown plants will bloom for you this summer and for years to come with more flowers each year. Perfectly hardy, thrive all over America. Plant in full sun or part shade. Grow 24 to 30 inches tall.

- M 536 D. H. Forbes**—Tremendous trusses of magnificent clear pink.
- M 537 Everest**—Dazzling white with soft lavender eye for delightful contrast.
- M 538 Lilac Time**—Immense flower heads of lovely lilac.
- M 547 Orange**—Pure sparkling orange, the brightest of all Phlox.
- M 545 Prunella**—This velvety purple will enrich your garden or bouquet.
- M 549 Sandra**—Our best red. Large, free-blooming, brilliant scarlet-crimson.

✓ **F 91 Maxine**—This is by far the finest hardy pear ever created. It has everything a great pear should have—large size, beautiful golden-yellow color, rich delicious flavor even more luscious than the famous Bartlett and, most important of all, it is the most blight resistant variety we know. It has never shown any blight in our orchards when almost all other varieties have been damaged. The snow-white, juicy flesh simply melts in your mouth. Bears young, heavily and regularly, ripening in late summer.

✓ **F 90 Bartlett**—Most popular summer pear. Fruit is large, juicy, sweet, high quality. Plant in poor ground where it is less likely to blight.

✓ **F 92 Kieffer**—The most widely planted winter Pear. Bears young and heavily. A healthy, hardy, vigorous grower.

✓ **F 95 Patten**—Ripens in August, large, golden-yellow with luscious flavor.

✓ **F 96 Seckel**—Called the Sugar Pear because of its sweet, delicious flavor. Fruit is not large but the highest quality. Ripens in late summer.

Pears grow in any ordinary soil, even in sod, right in your yard. Plant 20 feet apart. Two trees, alike or different varieties, planted near each other so they can cross-pollenate, will both produce more heavily than if planted alone. To tell when pears are ready to pick, place the palm of your hand under a pear, raise it gently and if the stem snaps off easily from the limb, they are ready to pick. Put them in a cool dark place to ripen.

F 8 Sun Haven—A new hardy variety which ripens a week before Red Haven. Medium-large, golden-yellow with red blush fruit of excellent quality, nearly fuzzless. Can't be beat for those first early Peaches.

F 14 Red Haven—This new variety is the leading early yellow peach. The fruit is large, almost a solid red like a Jonathan apple. The yellow flesh is firm, sweetly delicious, high quality. Free-stone.

F 11 Fair Haven—Ripens a few days earlier than Hale Haven. Very productive, hardy, often bearing when other varieties do not. Fruit is large, yellow with red cheek. Flesh is yellow, firm and fine flavor. Free-stone.

F 13 Rich Haven—Tremendous producer of large, attractive peaches of the very finest flavor. Fruit is yellow with blush, nearly fuzzless and firm yellow flesh. An outstanding new free-stone variety.

F 9 Hale Haven—Free-stone. This fine new peach is rapidly overtaking Elberta. A heavy producer of large, yellow peaches of high quality. Hardy.

F 15 Amber Gem—This is a new variety that we selected because the fruits were medium-large, just right for pickling whole and for canning. The yellow flesh is firm, very delicious flavor.

F 6 Early Elberta—Free-stone. Yellow with blush. Fruit is large, yellow flesh, firm, juicy, delicious. Hardy. Increasing rapidly in popularity.

POLLY Our Finest Hardy White Peach

F 2 Polly—Those who have tasted Polly say that it is the finest flavored peach they ever ate. The fruit is very large, blushed, free-stone. The flesh is white and has that real sweet delicious peach taste. For sauce you simply cannot equal its flavor. Also makes fine preserves.

F 7 Elberta—This is the most popular of all peaches. Large handsome fruit, yellow with blush. Flesh is yellow firm, good quality, free-stone.

SUNGOLD Large, Delicious, Hardy Yellow Peach

F 1 Sungold (Sold Only by Inter-State Nurseries) is very large, free-stone, beautifully blushed. Flesh is firm, golden yellow, full of juice, fine quality. Extra good for canning. Heavy, regular bearer. Tree is well-branched, stocky, rather low-growing making it easier to care for and pick.

F 10 J. H. Hale—Free-stone. Very large, golden yellow, flushed red with fuzzless skin. Flesh is yellow, solid, tender, high quality.

YELLOW NECTARINE —The Fuzzless Peach

F 120 Yellow Nectarine—Delicious, medium-large fruit with true peach flavor. Smooth skin and NO FUZZ. Hardy, bears young and heavily. Ripens in August. Same Prices As Peaches Above.

Big Delicious Apricots

Ripening right after cherries and before the peaches, apricots are one of the most delicious fruits especially when picked fully ripe. They are all free-stone, fine for eating fresh, sauce, preserves, pies. Plant 20 feet apart.

NEW, IMPROVED Blueberries

Luscious Fruit—Attractive in Flower, Fruit and Foliage

These 3 new, improved blueberries are far superior to common varieties. They have larger fruit, bear more profusely, better flavor and the bushes are so attractive you can plant them in your front yard with regular shrubs. The white flowers are lovely in the spring followed by the beautiful blue, luscious fruit. The waxy rich green foliage colors red in the fall. Wonderful for eating fresh, for pies and freezing. This is an all season collection of varieties that start ripening in late June continuing through early August. Plant in a cluster, 4 to 6 feet apart. Branched 3-year old plants, almost 2 feet tall that will bear next year after planting.

Blueberries prefer an acid soil. You can make your soil acid by mixing peat moss (page 81) with your soil or by mixing a handful or two of common sulphur (get at local drug store) with soil when planting. Water thoroughly. Plant 2 or more varieties so they can cross pollinize.

LUSCIOUS *Black Raspberries*

They ripen after strawberries and just ahead of red raspberries. Plant them 3 to 4 feet apart in the row and the rows 6 to 7 feet apart. You can plant a row across the back of your garden. Our Planting Guide, sent with all orders, gives you easy-to-follow instructions about taking care of them. If you make a mulch of lawn rakings or a mixture of straw and leaves and put around the plants in the spring, you will have almost no weeding to do and besides this mulch helps hold moisture so the plants produce better.

✓ **A 94 Bristol**—A tremendous producer of large, luscious, glossy jet-black berries even in thin soils where other varieties are failures. The delicious berries are not only sweet and juicy but have an unusually rich black raspberry flavor. They are almost seedless which makes them especially fine for making juice and for freezing. We receive reports from over a wide territory telling of the success of Bristol even in southern states where other varieties fail. POSTPAID.

Grow Your Own Fruit for Delicious Pies, Jams, Sauce or Jelly

Welcome New Heavy Bearing Gooseberry

A 157 Welcome—This great new Gooseberry, originated by the University of Minnesota, is by far the best variety sold today. Large, high quality berries that will make the most delicious pies, jelly or jam. The attractive light green fruit turns pink when fully ripe, extra fine eating in both stages. Welcome is a very heavy bearer giving you quart after quart of fruit every year. Easy to pick, very few thorns. These big 2-Year No. 1 Plants will bear the next year after planting. This is the finest Gooseberry we have ever tasted. Plant 3 to 4 feet apart. See Notice Below.

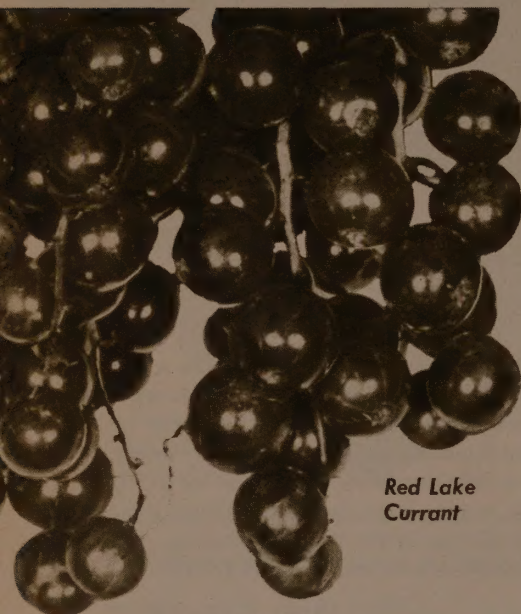

Big 2-Year No. 1 Plants Each \$1.45, 3 for \$3.95, Postpaid

A 159 Pixwell Gooseberry. It is a tremendous bearer of medium large, good quality berries. Moreover they hang down on the underside of the branches so they are easy to pick. It bears very young, the next year after planting. Color is light green, turning pink when fully ripe. See Notice Below.

Red Lake Currant

Currants For the finest Jelly and Jam

A 148 Red Lake—We think that this is the most productive, the best quality of all currants. The berries are very large, the clusters are long and filled out to the end. The color is a bright glossy red and makes the most beautiful and finest flavored jelly. They grow in ordinary garden soil. Plant 3 to 4 feet apart. Please read NOTICE BELOW.

Our big 2-Year No. 1 plants will start bearing next year after planting.

Each 75c, 3 for \$1.95, Postpaid

IMPORTANT NOTICE

On account of federal regulations we ship Currants and Gooseberries only to the following states—Alabama, Arizona, Arkansas, California, Colorado, Florida, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Mississippi, Missouri, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, South Carolina, South Dakota, Texas, Utah, and Wyoming.

Thornless Boysenberries

← IMMENSE SIZE • DELICIOUS

A 140 Thornless Boysenberry—We have seen berries fully 2 inches long. The fruit ripens over a period of almost 2 months. Eat them fresh for weeks, use them for pies, sauce, preserves and fruit juice. Just like the original Boysenberry but absolutely Thornless. They are almost seedless and a very deep maroon, almost black color when ripe. Plant 8 to 10 feet apart each way. In cold sections it requires winter protection. Postpaid.

A 12 **Cyclone** is a new June-bearing strawberry introduced in 1960 by Iowa State University, Ames. A creation of Dr. E. L. Denisen, one of America's leading authorities on fruit plants, this is the climax of many years of careful hybridizing and selection. The result is this outstanding new variety with that sweet, delicious, real strawberry flavor. The strong, vigorous plants produce quart after quart of very large, bright red berries and the size holds up to the last picking. Cyclone topped all other varieties in fruit production tests at Ames in 1960. Fine for eating fresh out of the patch or superb for freezing and preserves. Self-pollenizing. Postpaid.

A 5 **Premier** is by far the most popular extra early strawberry. It is our first variety to ripen. Very productive and produces berries for many days. Berries are very large, firm, rich red color and good quality. Because the blossoms are frost-resistant, it is a sure bearer. Plant some for the first ripe strawberries, for eating fresh and for canning or preserving. This new Virus-Free Premier will be planted exclusively as soon as enough plants are available because of its greater health, vigor and productivity. Self-pollenizing. POSTPAID.

A 3 **Senator Dunlap** is generally called "Dunlap" for short. We have sold countless millions of this grand strawberry. It is by far the most popular and widely planted in the middle west. Hundreds of thousands of families, every summer, enjoy the fruit. It is so dependable, seems like it never fails to produce a good crop. Ripens in midseason and is simply delicious to eat fresh, can, preserve and freeze. The fine berries are bright red, easy to pick, easy to stem and tops in quality. Self-pollenizing. If you have room for only one variety, plant Dunlap.

A 11 **Robinson** is a new variety we have fruited here at Hamburg for several years and each passing year we think more and more of it. First of all, it is such a tremendous producer. Starts ripening just about the time Dunlap is finishing and continues for many days. The berries are very large, just a few fill a box or bowl. The color is such an appetizing bright red, grand for eating fresh and simply grand with sugar and cream. Bears so heavily that you have plenty left for canning, preserves or freezing. Self-pollenizing.

A 4 **Blakemore**—There are probably more Blakemore sold throughout the United States than any other variety simply because it does so well. This new Virus-Free Strain is even better. Ripens a few days before Senator Dunlap. Especially fine for preserving, canning and freezing because it holds its rich color and shape so well. Best not to let Dad or the children pick them, because they will eat so many right in the patch. The berries are large, firm, attractive red color and good quality. Self-pollenizing. Bears large crops every year.

A 10 **Surecrop**—For real sweet, juicy, delicious strawberries, nothing can surpass this new U. S. D. A. introduction. Ripens in midseason and holds its size to the last picking. The large luscious berries are red all the way through, superb for freezing, preserves or those delicious shortcakes. And it is resistant to disease which means a big crop every year. Try some this spring. Self-pollenizing.

A DELICIOUS TREAT FOR FAMILY AND FRIENDS!

PLANT *Everbearing Strawberries* THIS SPRING AND EAT THEM THIS SUMMER AND FALL!

Yes, just think of it! You can plant any of these 5 superior everbearing strawberry varieties on pages 68 and 69 this spring and in a few short weeks you will be picking the large, luscious berries. Every home should have a strawberry patch. They take very little care and so little room. You can plant 100 plants in a space just 10 feet by 10 feet. And EACH plant will give you a quart of berries—100 plants for as little as \$5.95 will produce 100 quarts of fruit, which sells readily for 50¢ per quart or \$50.00 worth of strawberries, THE FIRST YEAR (under normal conditions). The next year you will get even more berries. And it's so nice to be able to pick home-grown, healthful fruit, fresh from your own garden. Keep most of the runners cut off, allowing only 4 to 5 runner plants for each original plant. Be sure to plant a patch this spring.

PLANTED THIS SPRING IT WILL BEAR THIS SUMMER AND FALL. Then next year it will produce a tremendous crop in June and after a short time it will start in again and keep on right up to freezing. The Berries are Big, Red, Sweet and DELICIOUS. Streamliner is self-pollenizing so can be planted alone. Eat them, preserve them, freeze them. We want to repeat Streamliner has that rich, sweet real strawberry flavor.

Red Rich

Large Size, Rich Red Color,
Productive, Finest Flavor

A8 Red Rich (P.P. 993)—All America is talking about this amazing new everbearing strawberry. The big, beautiful berries make you hungry just to look at them. When you eat them, you will agree that they certainly have that sweet, delicious, real strawberry flavor. Large, firm, red all the way through and so sweet that you need but little sugar. Perfect for preserves and freezing because they hold their color and shape. Plant some this spring. You will have fruit THIS SUMMER AND FALL. Next year you will have berries spring, summer and fall. The plants themselves are so attractive with their abundance of large, deep green foliage that some folks who do not have a fruit garden, set the Red Rich plants in the perennial border. You get good foliage, attractive plants, blossoms and wonderful fruit. Be sure and plant some this spring.

Black Hawk

The Finest Black Raspberry in America
DELICIOUS FLAVOR—TREMENDOUS BEARER

Everyone likes luscious, sweet, juicy raspberries. They are even better when you pick them fresh from your own garden. Plant a patch this spring

A 95 **Black Hawk**, a new black raspberry originated by Iowa State University, has consistently out-yielded all other varieties in test plantings in Ames and Council Bluffs, Iowa. In favorable years it produced as much as 5000 pints per acre. The large, sweet, juicy berries are absolutely tops in quality, rich in flavor. Delicious to eat fresh, perfect for canning, freezing or in pies and jam. Anyway you use them, they are simply wonderful eating. They usually begin ripening in early July and the size holds up right to the last picking.

Black Hawk plants are strong, healthy, vigorous growers and tremendous producers. The berries are firm and stand up well in shipping and handling. Plant them 4 feet apart in the row and rows 8 feet apart. Use the richest soil you have and if weather is dry before ripening, water thoroughly every week. You will be richly rewarded. We believe this is the greatest Black Raspberry in America. Just a few plants in your back yard will give you the delicious fruits. But of course, if you have room, plant more. Postpaid.

Every home should have at least one cherry tree. Bear very young and regularly. You have a handsome tree, lovely flowers and the healthful fruit. We believe that we grow here the finest cherry trees in America, fine branched tops and wonderful roots. Plant 15 to 20 feet apart.

LUSCIOUS SWEET CHERRIES

F 76 Black Tartarian—The big, almost black sweet cherry everybody likes. Ripens in late June. Fine for eating fresh, canning and freezing. Plant a Napoleon beside it so they can cross-pollinize and produce much more.

F 84 Napoleon (Royal Ann)—Yellow with a pink blush. Fruit is large, sweet and delicious. Fine for eating, canning and freezing. Ripens in early July. Good pollinizer for Black Tartarian.

F 78 Yellow Glass—The hardest of all sweet cherries. The fruit is large, bright yellow with the real sweet delicious flavor.

KANSAS SWEET

Best Sweet Cherry for Middle-West

F 77 Kansas Sweet—This is the only red sweet cherry we know that will bear in the middle west and south to Texas. The fruit is large, dark red, firm, sweet with a most delicious flavor. The tree itself is handsome enough to plant in your front yard—good foliage, fine shape, beautiful flowers and wonderful fruit. Exceptionally fine to use fresh, makes marvelous pies and excellent for freezing. Plant with Montmorency for cross-pollinization.

MONTMORENCY

America's Favorite Cherry

F 81 Montmorency—This is the most popular of all cherries, largely because it is the best of all for canning. And it tastes mighty good to eat fresh right off the tree, especially when fully-ripened, home-grown. The fruit is large, firm, very fine flavor. Ripens here from late June to early July. The tree is a rather short grower so the fruit is easily picked. Bears heavily and regularly. It is handsome enough that many people plant it in their front yard. If you have room for but one cherry, then we recommend this. You simply cannot beat it for eating fresh, for canning, for freezing, for pies, cobbles, preserves. This is the virus-free Gilbert Strain. Self-pollinizing.

METEOR, New, Finest Pie Cherry

F 85 Meteor—A new cherry from the Minnesota Experimental Station. The fruit is very large, rich red and excellent flavor. Good for eating fresh, for pies, cobbles, preserves and freezing. Very hardy, it will grow in cold sections where cherries could not be grown heretofore. Healthy, very resistant to leaf spot. The original tree growing near Minneapolis has never failed to bear fruit since it started many years ago. Attractive enough to plant in your front yard. Heavy bearer. Self-pollinizing.

F 79 Early Richmond—The first cherry to ripen. In June, full of the bright red, juicy, delicious fruit. Self-pollinizing.

F 80 English Morello—Last cherry to ripen, 2 weeks after Montmorency. Fruit is large, almost black when fully ripe, sprightly acid. Bears very young and heavily. Self-pollinizing.

Dwarf Apple Trees

LARGER FRUIT, EASY-TO-PICK, BEAR YOUNG

There's a spot in every yard for a dwarf apple tree. Plant yours this spring

Yes, there is a spot in every yard for an Inter-State dwarf apple tree. These amazing "little giants" are becoming more popular every year. They produce Big fruits on Dwarf trees, even larger and tastier than regular orchard trees. Plant yours this spring. They start bearing young, often the next year or two after planting, and you can pick most of the fruit right from the ground because they grow scarcely larger than a big shrub. Plant 8 to 12 feet apart.

- D 7 **Early Red Bird**, best red early summer apple.
- D 1 **Lodi** (Improved Yellow Transparent), best yellow summer apple.
- D 9 **Beacon** (Improved Duchess), best red apple for August.
- D 2 **Wealthy**, popular fall apple. Large, juicy, red-striped.
- D 11 **McIntosh, Solid Red**, high quality red apple.
- D 6 **Delcon**, looks like Red Delicious and tastes even better.
- D 8 **Yellow Delicious**, America's favorite yellow apple.
- D 3 **Jonadel**, New, luscious, bright red early winter apple.
- D 10 **Grimes Golden**, large, juicy, yellow winter apple.
- D 4 **Solid Red Delicious**, America's favorite red apple.
- D 5 **Bright Red Jonathan**, the midwest's favorite red apple.
- D 14 **Winesap**, most popular long-keeping red winter apple.

Fresh from Your Own Garden!

WONDERFUL, TASTY

Rhubarb

Rhubarb is the earliest spring vegetable. Some list it as a fruit because once planted it lasts a lifetime, coming up year after year without special care or attention. Plant 3 to 4 feet apart, covering the crown with 2 inches of soil.

We do not list the common Rhubarb because these two kinds are so far superior. In the first place they are much larger, far better flavor, sweeter and the skin of both is so tender that they need not be peeled. Also you can use them for many weeks, spring and summer. Both are very productive with large, tender, juicy stalks. Ordinarily these are seedless but if a seed stalk should develop, cut it off at once as it takes strength from the plant. POSTPAID.

A 65 Chipman's Canada Red—This new rhubarb has large stalks that are red from top to bottom, even the flesh is red. It does not lose this rich color in cooking. Juicy and sweetest of all, takes less sugar. Seedless. Skin is so tender you need not peel it. Very productive, you can pull the stalks all spring and summer.

Each \$1.00, 3 for \$2.75, 6 for \$4.95

A 61 MacDonald Red—A tremendous producer of giant size stalks all spring and summer. Stalks are 18 to 24 inches tall, many half as thick as your wrist. Seedless. It is 2 to 3 times larger than common rhubarb, far more tender, delicious and sweeter. Its bright red skin and tender flesh makes very attractive and fine tasting sauce and pies. Skin so tender it needs no peeling.

Each \$1.10, 3 for \$2.95, 6 for \$5.45

New All America Seed Winners

1962 All America Winners

DIANTHUS BRAVO

873 Dianthus Bravo is the top All America Winner for 1962. It is the most brilliant scarlet-red we have ever seen in "pinks." Makes a neat, compact plant 6 to 10 inches tall covered with 1½ to 2 inch flowers for many weeks. Outstanding for edging, beds, borders, or for window boxes. They are superb for small table arrangements. **Pkt. 50c**

ZINNIA RED MAN

874 Zinnia, Red Man. This flaming giant really lights up the garden. The 5-inch, cactus style flowers of bright scarlet are held proudly erect on strong stems. Makes a bushy, semi-dwarf, free-blooming plant. 18 to 20 inches tall. **Pkt. 50c**

ZINNIA OLD MEXICO

875 Zinnia, Old Mexico will give a gay, holiday look to your flower garden. The warmly-colored 2½ inch flowers are deep mahogany tipped with golden yellow. Grows 12 to 15 inches tall, lovely in the garden and fine for cutting. **Pkt. 50c**

RA-PID-GRO Complete Plant Food

For Better Roses, Shrubs and Trees, Better Gardens and Lawns

RA-PID-GRO is a concentrated, complete plant food (23-21-17 plus trace elements). Easy to use, all you do is mix with water. Economical, 1 pound makes 22 gallons of quick-acting fertilizer. Dual Purpose, use for foliage feeding and around plants. Effective, you will get more, larger flowers and fruit.

USE RA-PID-GRO WHEN PLANTING, you simply put 4 level teaspoonfuls of RA-PID-GRO in 1 gallon of water. Soak the roots of roses, shrubs, and trees 3 to 4 minutes. Plant immediately, pour the solution around the newly planted stock and water well.

USE RA-PID-GRO EVERY 2 OR 3 WEEKS throughout the season for the best results from both new and old plantings. Water thoroughly after fertilizing. It is marvelous for invigorating lawns. For use on lawns and large areas, we have a special nozzle attachment for your hose which automatically measures the correct amount of RA-PID-GRO. It costs \$1.75, Postpaid. Postpaid and Guaranteed Satisfactory or Your Money Refunded.

Ballerina®

*Fabulous Super Ruffled
Double Tuberous Begonias*

Only once in many years is a new creation so outstanding that it makes everything before it seem commonplace. Such is the new fabulous Super Ruffled Double Tuberous Begonia, Ballerina, created by the greatest Begonia Hybridizers in all the world, Allan Brown and Frank Reinelt. They combined the best qualities of the Camellia and Carnation types. Never in all our years of bringing gardeners the newest and the best, have we seen a flower so enchantingly beautiful. Truly supreme in beauty, vigor and splendid form, with infinite variations of frills, ruffles and scallops. Extra large flowers, 5 to 6 inches across with many even larger. You will find nothing to compare with them. Plant them in shade, especially afternoon shade, for spectacular big blooms, full to the center, banks of showy, brilliant color all summer long. They will bloom this season, the center of attraction, your special joy and delight. If you want to start them indoors, the bulbs are ready for shipping January 30. Please mention if you want them early.

new Fiesta glads

New
for 1963
from
Inter-State

Of all the exciting new garden items we have had the pleasure of offering our customers over the past 44 years nothing has given us more satisfaction than the announcement of these fabulous Fiestas. They are so supremely beautiful, so unique with their gay combinations of 2, 3 or even 4 colors in each flower, many with delicate ruffles. They range from pure snow-white with contrasting throat of bright scarlet to rich, deep purple with ivory throat, with many shades of pink, rose, red, yellow, chartreuse, orange, lavender and blue. They are flowers like you never saw before because they never existed before.

Created by that master hybridizer, Ralph Baerman, they are **SOLD THIS SPRING FOR THE FIRST TIME AND SOLD ONLY BY INTER-STATE NURSERIES**, Hamburg, Iowa. Every bulb is guaranteed to bloom this summer and also guaranteed to thrill you with their magnificent flowers. When the first flower opens, you will call over your neighbors and each succeeding bloom will be just as exciting. At these reasonable introductory prices, we expect a tremendous response so we suggest ordering early. Postpaid.
